SENATOR HENRY CABOT LODGE SINKING RAPIDLY

NEW REGIME TO FOLLOW DEFEAT BY LA FOLLETTE

By PAUL R. MALLON, United Press Staff Correspondent. NEW YORK, Nov. 6.—The crushing blow dealt the LaFollette groups throughout the nation in the election will bring into power an entirely new regime in Washington.

New legislative leaders, possibly new cabinet members now dominating influences are to be set up to take the place of the old.

But instead of destroying the self designated "progressive movement" of LaFollette it will only serve to draw its lines more clearly and his groups will endeavor to set themselves up as the opposition "party" to the administration in the hope that four years from now they will solidify most of the opposition to the Republicans.

A new movement that polls 5,000,000 more than with political leaders feel. The majority of President Coolidge in Congress, however, cannot be seriously challenged, retribution of the outcome shows today.

LaFollette even lost his balance of power and his strength was diminished. His right hand man, Senator Brookhart in Iowa appeared to have been defeated by his Democratic opponent Daniel F. Steck. In Massachusetts Senator David I. Walsh, Democrat, who is most often listed as a Progressive, went down to defeat before Frederick H. Gillett.

Then in Minnesota Senator Magnus Johnson, another LaFollette adherent, although a farmer-laborer, went down to defeat by a Republican.

In the House the same trend was less followed. Most of the LaFollette group maintained their seats, but the Coolidge Republicans gained enough seats from the Democrats to establish indisputable control.

With the returns practically all in, it seems evident that the new senate line up will stand:

Republicans 51; Democrats 41; Farmer-Labor 1.

Necessary for a majority 49.

This is a clear gain of three seats in the Senate by Republicans and a loss of two by the Democrats and one by the Farmer-Labor group. There is a vacancy in Connecticut caused by death of Senator Brandegee which surely will be filled by a Republican of the same political belief.

Senator Lodge who has been leader of the Republican majority in the Senate for years, will not resume control next March when the new Congress comes in. Even if he recovers from the serious illness he is now suffering his health and his age will not permit him to assume control.

Gillett is the logical man to succeed him.

Tabulation of the new lineup of the House shows:

Republicans 232.
Democrats 139.
Others 4.

Necessary for a majority 218.

This represents an actual gain by the Coolidge Republicans of 17 votes over the present Congress and a loss by the Democrats of 18 votes. The Republican gains were registered in Pennsylvania where they picked up six seats, New Jersey, New Hampshire, Connecticut, Michigan, Indiana, Illinois, West Virginia and Oregon.

NEW MINISTRY TO BE APPOINTED BY STANLEY BALDWIN

(By United Press)

LONDON, Nov. 6.—The chief issue at stake as Stanley Baldwin completed a list of ministers today was whether Marquis Curzon would occupy his customary post of foreign minister in a Conservative cabinet, or be replaced by a younger, more liberal statesman.

The new prime minister was expected to announce his appointments late today and the usually well informed parliamentary correspondent of the Daily Telegraph said that Curzon had been "sidetracked" in favor of Austen Chamberlain.

The correspondent said that the new ministry would include:

Leader of the House of Lords, Lord Chancellor, Viscount Cave.

Foreign Secretary, Austen Chamberlain.

Secretary of the Colonies, Colonel L. S. Amery.

Secretary for India, Lord Brienhead.

Secretary of State for Air, Sir Samuel Hoare.

First Lord of the Admiralty or Minister for Health, Sir William Joynson-Hicks.

Chancellor of the Exchequer, Neville Chamberlain.

Leader of the House of Lords is considered a "lame" post for Marquis Curzon who had much to do with building up a vigorous imperial policy during several terms as foreign secretary. Correspondents who saw Curzon leaving an interview with Baldwin yesterday said the former seemed flustered and angry.

Meanwhile, the busiest party in London was young Ishbel MacDonald daughter of Ramsay MacDonald, who was superintending removal of her father's belongings from No. 10 Downing Street, to their former home in Hampstead.

ROTARIANS HEAR OF EFFORTS TO HELP COUNTY FARMERS

The Mexia Rotary club held its weekly luncheon in the basement of the First Methodist Church at noon today, a splendid menu being served by the woman's missionary society of the church.

The attendance was the largest in eight months, there being only one member whose absence was unaccounted for.

Rotarians John Neece, J. G. McIntosh and Bert Hollister were out of the city, it was stated by Secretary J. W. Elliott.

President A. H. Eubanks introduced the visitors, among whom was G. W. Orms of College Station, here in the interest of county demonstration work. At the conclusion of his remarks, Mr. Eubanks spoke favorably for the appointment of a County Farm Agent in Limestone County. 164 counties of Texas now have such agents doing a work that is saving millions annually to the farmers of the state.

Jere Cason, Secretary of the Chamber of Commerce, was present also.

The Rotarians signed a petition to the County Commissioners Court endorsing the move and the business men of the county are understood to be signing similar petitions. The matter is to come before the court next Monday, it was announced.

Dr. John Aubrey, father of Rev. Victor K. Aubrey, of Denison gave an inspirational address on Rotary. His address was well received, urging that town limits be blotted out and that a towns trade territory should be accepted as the unit of thought and action and not simply municipal boundaries.

Mrs. E. M. Strange contributed two lovely solos in her beautiful way, accompanied by Mrs. Wyatt Hayter at the piano.

This was the first meeting of the club in the church basement and was pronounced a great success.

PARALYSIS HITS SENIOR MEMBER OF THE SENATE

(By United Press) CAMBRIDGE, Mass., Nov. 6.—Henry Cabot Lodge, 74, senior Senator from Massachusetts is dying here at Charlesgate Hospital.

Senator Lodge suffered a paralytic stroke at noon yesterday and has been unconscious since with death expected momentarily.

Dr. John H. Cunningham, attending physician, said the Senator was sinking rapidly and that his condition was "very grave."

Members of the family were called and remained at the bedside through the night. Dr. Cunningham said the stroke suffered by Lodge was similar to that which caused President Wilson's death and that there was little that could be done in a medical way for him.

Lodge has been in the hospital since October 20 when he underwent an operation for gall stones. He was considered on the way to recovery when he suffered the stroke.

Senator Lodge had not regained consciousness at 8 a. m. today. The stroke ruptured a blood vessel in the brain, according to Dr. Cunningham who said the Senator could not live throughout the day.

BUTTE TO WAIT FINAL COUNT TO MAKE STATEMENT

AUSTIN, Texas, Nov. 6.—Dr. George C. Butte late Wednesday authorized the statement that he is conceding nothing at this time, but to the contrary expressed himself as very hopeful of winning the election for Governor over his Democratic opponent, Mrs. Miriam A. Ferguson.

"I have every reason to believe that my vote will steadily climb," said Dr. Butte. "At the time the Texas Election Bureau announced the closing of tabulation of returns I had just gained 7,000 votes and I am confident that from now on Mrs. Ferguson's early majority will decrease, and that when all the returns are in it will be found that I am elected."

Dr. Butte stated that he had definite information that in numerous counties, including Harris, Dallas and El Paso, and probably Bexar, thousands of ballots on which his name had been written on the Democratic ticket in place of that of Mrs. Ferguson, had been thrown out. The Republican candidate said that "we are not going to lay down, especially when the Attorney General had ruled that such ballots must be counted," but stated that until complete returns had been made steps would be made to compel the counting of the mixed ballots.

Wants Uniform Test.

"It is not reasonable to have one test in one precinct and a different test in another precinct," said Dr. Butte. "I believe that a great majority of the Democrats who voted for me scratched the name of Mrs. Ferguson from the Democratic ballot and substituted my name in writing, so it will readily be seen that I will lose thousands of votes if the refusal by certain Democratic judges to count these ballots is not investigated."

Just what procedure he will follow in the matter Dr. Butte said had not yet been determined. "We are waiting until all the votes are in," he said.

That Mrs. Ferguson would be in the lead in the early returns, Dr. Butte said was expected by him. From the Panhandle country, he said, only meager returns had been received, and the returns received from other parts of the State are far from being complete. Dr. Butte figures that it probably will be an entire week before all the returns have been made.

CANADA PLANS TO BRING BACK SALMON

VANCOUVER, British Col., Nov. 5.—Restoration of the salmon canning industry of the Fraser River, which used to net \$30,000,000 annually to Vancouver and New Westminster, will be attempted through establishment of a chain of hatcheries along the river breeding sockeyes, according to an announcement here by Ernest LaPointe, Dominion Minister of Marine and Fisheries.

"Experts from the department have been making a survey of the fisheries," LaPointe said, "and they believe that by an enlarged system of hatchery, the run of sockeyes can be increased to a point where the Fraser River will again be British Columbia's leading source of salmon. Most of the new hatcheries will be placed at points from which the sockeye has practically disappeared."

How To End a Cough Quickly

Specialists say to actually end a cough in the shortest possible time the medicine should not only soothe and heal the soreness and irritation, but should also loosen and remove the phlegm and congestion which are the real cause of the coughing. When this is done the worst cough quickly disappears.

This "double-action" method has been brought to perfection in the prescription known as Dr. King's New Discovery for Coughs. A few drops stop the coughing spells almost instantly, and people who have hardly been able to sleep at night for coughing usually get their full night's rest even after the first dose. It had been very successful, too, for children's asthmatic coughs, for bronchitis, laryngitis, bronchial asthma and hoarseness. On sale at all good druggists. Ask for

PROTESTANTISM IS GROWING IN FRANCE UNDER M'CALL PLAN

By ALICE LANGEIER,
International News Service Staff
Correspondent.

PARIS, Nov. 6.—To realize that French Protestantism is awake and stirring, attaching fresh recruits every day, one has only to regard the work of the McCall Mission, begun by an English minister soon after the Prussian War in 1872.

"If anyone comes and preaches a religion of reality to us, we will listen," said a poor French workman to Dr. McCall who was visiting in Paris, and he at once decided to remain here and devote his life to the religion of the poorer classes. The first hall, a modest affair in the Belleville quarter, was called the "Mission of the Workingmen of Paris," Dr. McCall was a pioneer in this kind of work. He fixed the type of the "reunion populaire."

In the early days French Protestants lacked initiative. The habits of isolation and timidity acquired during centuries of persecution remained with them. All this was changed when the McCall Mission came along and broke down the reserve of the French churches. Then the war, by mixing all sorts and classes in the army, also broke down much prejudice against Protestants and created splendid public spirit.

Houses have been built, holiday homes established and clothing depots inaugurated whereby thousands of families have been assisted. The Mission possesses nine stations in Paris and sixteen in the provinces as well as two missionboats, which move up and down the rivers among the lighters and barges laden with coal, grain and iron, making use of the splendid network of waterways in France to reach a population otherwise inaccessible. Motor lorries carry workers to fairs and markets to speak to the busy crowds, and portable halls are set up here and there wherever a need is felt for a foyer.

For forty years and more quiet preaching has been going on in a hall on the Grand Boulevards, in the very heart of Paris. People who are often mere pleasure seekers drop in to listen for a few minutes to the teaching of the Bible in simple, wholesome manner. For men and women there are special meetings, religious and social; Bible study circles, prayer meetings, mothers' meetings, and others for songs and games. Their aim is the uplift of the family and social life.

A home for War Orphans is looking after the Mission's wards adopted by American friends. Dispensaries, co-operative stores and mutual aid societies are a boon to the workingmen.

COLUMBUS A SPANIARD, SAYS WOMAN WRITER

(By International News Service)
LONDON, Nov. 6.—History books will have to be revised to make Christopher Columbus a Spaniard instead of an Italian, if assertions made by Mrs. Charlotte Mansfield in a book shortly to be published ("Columbus, a Spaniard") gain credence.

Mrs. Mansfield bases her statements upon the results of a year's investigation which she carried out in northwestern Spain, accompanied by her husband, Lieutenant-Colonel W. R. Mansfield.

Italian documents, claiming that Columbus was born in Genoa, are forgotten, the writer declares, even going so far as to say that an Italian royal decree, confirming Columbus' Italian origin, is spurious.

Harold Nussbaum arrived Monday from Milwaukee to spend a while with his parents, Mr. and Mrs. Julius Nussbaum.

"For Mexia. I WILL"

THE NEWS' PROGRAM FOR 1924-25

(1) A government by law. (2) A bigger tin bucket brigade. (3) Conservation of gas and other natural resources, with a view of offering industries cheaper fuel rates. (4) Storage for an adequate reserve water supply in Mexia. (5) Adequate fire equipment to meet growing needs in a growing city. (6) More paved roads, leading into Mexia and all down town streets repaved. (7) Lime mines developed at Tehuacana. (8) A downtown market for farmers. (9) Diversified farming. (10) A Limestone County Fair at Mexia. (11) A county farm agent and demonstrator. (12) Clubs for boys and girls of the county to encourage them in farm industries. (13) More goods roads and systematic maintenance. (14) 10,000 trees for Mexia. (15) A complete parking system in Mexia. (16) A great downtown auditorium. (17) Beautification of Hughes Park. (18) Protection of life on streets and roads, through the rigid enforcement of all ordinances and laws regulating traffic. (19) A growing "trade-at-Mexia" spirit and pride in its institutions. (20) A thoroughly united citizenship free from jealous, envious, and other dividing influences that tear down and blight many a city in the making.

The Salvation Army Board of Directors has called a meeting Monday at the K. P. Hall of all friends of the Army, expecting them and then to decide on the future program for Mexia. The Salvation Army, under Ensign and Mrs. Hamilton, has done some splendid work in Mexia, helping "the forgotten families" of the community, looking after thousands of needs this past year and feeding the spiritual appetites of many. Local citizens by their attendance Monday will give hearty approval of laudable work done. If you have a flower in your hand give it to the one to whom due lest it wither and fade, losing its beauty and its fragrance, before it is bestowed.

The odor of whiskey on the breath of a sleeping crossing watchman at Chicago was evidence enough of why a street car had been allowed to run on a railroad track in front of an on-rushing train. It is another back mark against bootleg booze. Yet some otherwise perfectly good citizens think that bootlegging is a subject for jokes and laughter and join in with the gang who shouts from the pollpots that Prohibitionists should disband, some going off after one wing and some another when there's disruption in the party.

In 1890, all the cities of the country spent \$100,000,000; in 1910, \$2,400,000,000, and in 1923, \$3,600,000,000. The 1923 taxes would have paid 93 per cent of all industrial payrolls of the nation. All taxes are voted, directly by the people themselves; the only relief from tax costs, whether school, city, county, state or other unit, is by retrenchment in spending.

Everybody knows that there were many men who voted on the winning side in the recent elections simply and solely because they expect to offer for office themselves some day, which leads us to say that another mighty good reason not to peer at the defeated candidate is that you may be a defeated candidate yourself some day.

Wilbur Glenn Voliva, overseer of the Zion element at Zion City, Ill., says that the world liars did not fly around the world at all, that they could not do so because the earth is a stationary flat plane and not a revolving globe at all. This confirms general opinion as to the mentality of Voliva.

All most people see in anyone is what is on the outside. Naturally, those who are handicapped by pimples, blotches, "breaking out," eczema, etc., on their skin are not going to get any attention. You can "make the frame as lovely as the picture really is," by simply getting rid of those skin disfigurements, if you will just use Black and White Ointment and Soap. Then your good nature and sweet ways will stand out without any drawback, and folks will want to be around you. They are economically priced, in liberal packages. The 50c size Ointment contains three times as much as the 25c size. All dealers have both the Ointment and Soap. (Adv.)

Three Crops A Year At Troup

TROUP, Nov. 6.—During the haying season this year a farm on the J. T. Clark farm near Troup moved his hay racks and put them in his barn for winter feed. He thought his haying done for the season.

But to his surprise he is now supplying his needs, and those of

many of his neighbors with fresh green peas which have grown from the stalks of the initial crop. Later in the season he expects to harvest a second crop of hay from these vines.

Election Bureau To Continue To Count In Texas

DALLAS, Nov. 6.—Tabulation of the complete vote of the State as cast in the race for Governor in Tuesday's general election will be made by the Texas Election Bureau as fast as complete county reports are received, it was announced Wednesday. The Commissioners' Courts in the various counties will meet next Monday to canvass the returns and instructions have been issued to all correspondents to send in the complete vote of each county as soon as available.

The Texas Election Bureau discontinued tabulation of the partial returns from towns and cities Tuesday night, at which time Mrs. Ferguson was shown to have a majority of 38,414 over Dr. Butte. Incomplete returns from forty-nine counties also were tabulated Tuesday night, and this tabulation gave Mrs. Ferguson a majority of 14,610. Incomplete returns from seventeen additional counties were received by the bureau Wednesday and these, together with the county vote tabulated Tuesday night—a total of sixty-six counties—gave her a majority of 21,700. No more incomplete county reports will be tabulated by the Texas Election Bureau, but complete county reports as fast as received.

Tabulation of the Texas vote as made by the Western Union Telegraph Company including votes counted Wednesday, gave Mrs. Ferguson a majority of 42,917. The tabulation accounted for 292,738

votes, and the standing was: Mrs. Ferguson 167,825, Dr. Butte 124,903. The Western Union announced that it would tabulate no more votes, as it appeared that the election of Mrs. Ferguson is assured.

MORE PRODUCT'N RESULTS AND IS EXPECTED AT RICHLAND

The Atlantic Company has set a liner in its Swink number 7 at 2,085 feet. A standard rig will likely be installed and the well put under the swab.

The Sun Oil Company Brown 17 is producing about 300 barrels daily, swabbing, according to information from Richland.

A fishing job is on at the G. L. Moore tract on the Blodson tract at Richland. Several joints of casing dropped about 40 feet to the bottom while being set. Work of completing the well is therefore delayed.

Lenoir and Schaefer's test on the Edgar tract is being watched with much interest. Indications for additional production in this part of the Richland field are said to be bright.

Freestone Voters Resent Inference Drawn at Speaking

Quite a delegation of Teague voters were in Mexia Monday to hear the address by Dr. Butte. They were enthusiastic for him and resented the inference which they construed to prevail that Freestone County would not give the recognized leader of the prohibition forces of Texas a good vote. It all came about when Dr. George Butte, while speaking, said that he thanked God that there were no bootleggers for him for Governor. When he said this a voice was heard to say "None of them in Freestone County are for you." This brought a big laugh. Some of the Freestone citizens present misunderstood the remark and thought that the voice in the crowd had said "None in Freestone County are for you" inferring that everybody in that neighboring county were bootleggers. It was no wonder then that they resented the incident as they heard it. However, the facts are that the man who spoke was perfectly friendly to Butte and said none of the bootleggers in Freestone County were for him rather than that none of the citizens of Freestone County were for him.

A number of ladies of Teague asked The News to set the public right on this.

Reports from Teague Wednesday were to the effect that the same plans as followed here in voting had been followed there and that all who wrote Dr. Butte's name in on the ballots failed to get their votes counted.

One or two at bed time makes you feel "top hole" as the Britishers say. It cannot salivate. Take it and eat anything you like. It is so mild and gentle you will hardly know that you have taken medicine. Nasty salts or other "follow-ups" not necessary. It does all any calomel can do—but it does it without drastic effects. STANLEY BALDWIN SWEEP BACK INTO POWER.

STANLEY BALDWIN

As a result of the reversal of the British general elections, the Tories have captured a clear majority in the House of Commons, completely overthrowing the Labor government of Ramsay MacDonald, and insuring that the King will call upon ex-Premier Stanley Baldwin to return to No. 10 Downing street as Great Britain's Conservative Premier. According to British political experts, there are indications that the Conservatives cannot be overthrown for five years, the legal life of Parliament. Labor, however, remains as the chief opposition party.

THE CHAMPION FIRE SPREADER.

The publication, "Safeguarding America Against Fire," issued by the National Board of Fire Underwriters, in its September issue, graphically illustrates with photographic reproductions the danger of the wooden shingle as a means of spreading fire.

One of the most striking scenes is a row of houses in Berkeley, during its recent \$10,000,000 fire when 584 homes were totally destroyed, with their shingle roofs all afire before any other part of the house was damaged. It is not uncommon for burning embers to be carried by a high wind for nearly a mile and ignite a shingle roof.

Commenting on this fire menace, the National Board of Fire Underwriters says that it has no special quarrel with the wooden shingle but that in the scheme of things structural, there are proper uses for wooden shingles where as perpendicular siding they are but little more vulnerable than clapboards. Used on roofs, however, they have proved themselves fire spreaders without a rival.

Every material has its proper uses and as city building becomes more congested, it is essential that every effort be made to reduce the fire hazard which has taken an annual toll of some 15,000 lives in this nation in addition to a loss of

over \$500,000,000 in property. Already 118 communities have barred by ordinance the wooden shingle but this is only a start. That such action has been beneficial is evidenced by conditions in New Braunfels, Texas, which began in 1897 to rid itself of wooden shingle roofs. This city of 5,000 inhabitants has not had a roof fire in 15 years.

The surest way to prevent fires is to remove fire hazards and as the fire loss caused by sparks on roofs during the past five years totals \$50,616,652, it is a self-evident fact that roofing of a noncombustible character would cause a direct reduction in fire destruction.

EXILES START RUMOR OF MURDER OF KING

(By International News Service.)
SOFIA, Nov. 6.—Origin of the recent false rumor of the assassination of King Boris of Bulgaria has now been traced to the exiled leaders of the Bulgarian Peasants' Union, now living lavishly in Belgrade.

Exiled leaders, including Athanasoff, Oboff and Thodoroff, who are said to be subsidized by Moscow, meeting in Belgrade recently, formed a provisional government whose program was the overthrow of the present Bulgarian Cabinet, dethronement of King Boris and the murder of Premier Tsankoff. As a result of this action the rumor spread that Boris had been assassinated.

Keep on telling 'em and you will keep on selling 'em. News advertising brings desired results.

Houston Bandits Do A Quick Job

(By United Press)
HOUSTON, Nov. 6.—It took three youths and a street car conductor, T. Z. Timmons just three minutes to stage one of the best little pantomimes ever presented in the city.

Timmons was outboard with his car when the power went off. He alighted to replace the trolley and stepped before the muzzles of three pistols. There was not a word spoken, according to Timmons, who said he understood perfectly why the three young hijackers were there.

The traction company lost \$50 and Timmons \$20.

Dope Is Against Black Cats When Facing Game Friday

By HECK.

Friday, November 7 is the day when the Mexia High Black Cats tangle with the Groesbeck High eleven and from all indications its going to be a holiday in the county capital as it will be the "big" game of the year staged there. The Groesbeck eleven has a record so far this season that looks better than the Cats and as usual the Cats are outwheeled about a ton and that will make it all the tougher when the two tangle. It is a hard matter to get any real inside dope on the Groesbeck crew but I know enough to be in a position to warn the Cats that they are up against a tough proposition. Coach Potocz has been driving the Cats through a hard week of aerial work and defensive work and believe me the Cats will need all of it. The 34-0 bending the Cats handed the Teague Lions last week showed that the Mexia eleven is the cats whisks when they get right down to business and fight—fight like everybody knows they can fight but I am of the opinion that the Cats are due to lose Friday by one touchdown unless they come out of the kinks and get down and fight from the opening kickoff to the final whistle and they might even lose then. Groesbeck bent Teague and then walloped the daylight out of Kosse and most of the other eleven in the county and from this I would predict that the Cats will have a real battle on their hands. The game is to be played at Groesbeck and the Cats will miss the vociferous and effective help of their pep squad and while some will disagree with me I have always thought that a real live pep squad such as Mexia boasts of is of incalculable help to the boys in all branches of high school sport. Last year the Cats beat Groesbeck 33 to 0 and now the county seat crew is bent of revenge of the worst kind and from the conversation I gather it do or die with them. The Cat hospital squad is causing much worry these days and I would not be surprised to see a flock of subs used in the opening lineup Friday. Lucas is not ready and Bennett stripped a gear or something and other are nursing bruises, sprains or boils and that means they won't be worth much to Coach Potocz at Groesbeck. From the way it looks to me up in the air "Eighty-Bill" Murphy will be shifted to center in place of Bennett. Ward and McKenzie will be at the guards, Captain Thompson and Corley at Tackles, Corley being shifted from guard when Lucas was injured. Houzel and Auld will handle the ends while Buford, Karner, Petkinson and Clover will be behind the line. Of course I just "think" this will be the line up and it may be all different when the game starts.

The Groesbeck boys say they will make the Cats look like small town players when they open up with their forward passing and running game and they also say that they have the Cats' number on fake plays and line plugging. Well, all I can say is that it sounds good to me and it only convinces me that there will be some little staged in Groesbeck Friday. My only tip to the Cats is that unless they come down to earth and fight like blazes they are going to get a surprise Friday that will be as bad as the one Andy Gump received on the morning of election—and that's no joke either—but if they will fight, fight and then fight some more they can bring home the bacon and likewise show the Matt scouts nothing but straight football. If the Cats will do this they can come home with several touchdowns to spare—otherwise they will lose by one touchdown.

S. M. U. Team Will Face Hardest Of Games Saturday

DALLAS, Nov. 6.—Lucky to win against the Horned Frogs of T. C. U., the Mustangs of Southern Methodist University are now facing the most severe test of the season. They not only have to play against one of the strongest teams in the conference, but have to battle them on Home Coming Day, for the University of Arkansas, this has always meant defeat for the opposing team. Will the Mustangs be able to crush this tradition which has been held sacred to the hearts of the students for over twenty years?

Coming out of the game Saturday, the condition of the Mustang players was worse than at any time during the present season. Several of the regular men will not be in the best condition, but it is hoped that they will all be able to play even though they are in poor physical shape. It is probable that at least two or three linemen from the reserves will have to play most of the game against the Razorbacks.

Realizing that this may be the life or death of the hopes of the Mustangs for the Conference Title, the Coaches have decided to leave Dallas Thursday night, arriving in Fayetteville Friday morning early. This will enable the Mustangs to have a workout there in the afternoon and become accustomed to the slight change of climate.

Friday night, a special train will leave Dallas for the special benefit of the students and the fans that would like to accompany the team on this trip. A special rate of \$16.05 has been made by the railroad, which is only every little more than

SPORTLIGHTS

Among the high school games already played this week, Plano defeated Forney 10 to 0 and Emory defeated Wolfe City 6 to 2.

The Black Cats go to Groesbeck Friday for another important game of the grid season.

The Corsicana High School Tigers will likely rest this week, no game being scheduled, in order apparently for that squad to be in prime condition for its tilt with the Black Cats on the 21st.

Marlin Bulldogs are claiming that they are in the State Championship Class. That team may be in championship class in Class B, but certainly not in Class A. Marlin has a good team. They are making their claims by virtue of having defeated Itasca 27 to 12, but Cleburne beat Itasca 29 to 0 and then went up against the Bulldogs with the injuries of that hard fought game with a Class A high school.

Number 22 starred against the Bulldogs for Itasca. He starred here, too. Number 22 is of championship calibre himself and should be given his position on the mythical all star all state all class eleven.

Cleburne High School looms as

one way. This will enable several hundred to make the trip as they will only be gone Saturday, and will return to Dallas on Sunday morning. Everybody wishing to go may make arrangements by getting in touch with the Vice-President's office at once.

State Champions unless South Texas has something that this part of Texas has not heard of.

The big game of the East this week end is Harvard versus Princeton with Harvard the favorite. But who knows in football, especially when the teams of the Big Threes mix it.

The Texas situation would be some muddled Saturday if S. M. U. loses to Arkansas, Rice to Austin College and Baylor to Texas. On comparative results basis, they would be just where they were at the first of the season, with all facing an equal chance to win the rag.

Quite a number from here will likely accompany Charlie Lewis' Westminster squad to Dallas Monday to play the Southern Methodist University Colts.

Several of the Freshmen squads in the Universities of Texas are reported to have the fastest backfields in the southwest. Clyde Lit-

field says that the Freshman squad at the University of Texas has the best backfield of any university team of the southwest. This same statement is made by the Coach of the Freshmen regarding the Freshmen at Rice. All this means some great football in Texas in a year or two when Duke Kendrick and the others are eligible.

SENATOR HENRY CABOT LODGE SINKING RAPIDLY

NEW REGIME TO FOLLOW DEFEAT BY LA FOLLETTE

By PAUL R. MALLON, United Press Staff Correspondent. NEW YORK, Nov. 6.—The crushing blow dealt the LaFollette groups throughout the nation in the election will bring into power an entirely new regime in Washington.

New legislative leaders, possibly new cabinet members new dominating influences are to be set up to take the place of the old.

But instead of destroying the self designated "progressive movement" of LaFollette it will only serve to draw its lines more clearly and his groups will endeavor to set themselves up as the opposition "party" to the administration in the hope that four years from now they will solidify most of the opposition to the Republicans.

A new movement that polls 5,000,000 must be reckoned with political leaders feel. The majority of President Coolidge in Congress, however, cannot be seriously challenged, retubulation of the outcome shows today.

LaFollette even lost his balance of power and his strength was diminished. His right hand man, Senator Brookhart in Iowa appeared to have been defeated by his Democratic opponent Daniel F. Steck. In Massachusetts Senator David I. Walsh, Democrat, who is most often listed as a Progressive, went down to defeat before Frederick H. Gillett.

Then in Minnesota Senator Magnus Johnson, another LaFollette adherent, although a farmer-laborite, went down to defeat by a Republican.

In the House the same trend was less followed. Most of the LaFollette group maintained their seats, but the Coolidge Republicans gained enough seats from the Democrats to establish indisputable control.

With the returns practically all in, it seems evident that the new senate line up will stand:

Republicans 54; Democrats 41; Farmer-Labor 1.

Necessary for a majority 49.

This is a clear gain of three seats in the Senate by Republicans and a loss of two by the Democrats and one by the Farmer-Labor group.

There is a vacancy in Connecticut caused by death of Senator Brandegee which surely will be filled by a Republican of the same political belief.

Senator Lodge who has been leader of the Republican majority in the Senate for years, will not resume control next March when the new Congress comes in. Even if he recovers from the serious illness he is now suffering his health and his age will not permit him to assume control.

Gillett is the logical man to succeed him.

Tabulation of the new lineup of the House shows:

Republicans 232.

Democrats 189.

Others 4.

Necessary for a majority 218.

This represents an actual gain by the Coolidge Republicans of 17 votes over the present Congress and a loss by the Democrats of 18 votes. The Republican gains were registered in Pennsylvania where they picked up six seats, New Jersey, New Hampshire, Connecticut, Michigan, Indiana, Illinois, West Virginia and Oregon.

NEW MINISTRY TO BE APPOINTED BY STANLEY BALDWIN

(By United Press)

LONDON, Nov. 6.—The chief issue at stake as Stanley Baldwin completed a list of ministers today was whether Marquis Curzon would occupy his customary post of foreign minister in a Conservative cabinet, or be replaced by a younger, more liberal statesman.

The new prime minister was expected to announce his appointments late today and the usually well informed parliamentary correspondent of the Daily Telegraph said that Curzon had been "sidetracked" in favor of Austen Chamberlain.

The correspondent said that the new ministry would include: Leader of the House of Lords, Marquis Curzon.

Lord Chancellor, Viscount Cave.

Foreign Secretary, Austen Chamberlain.

Secretary of the Colonies, Colonel L. S. Amery.

Secretary for India, Lord Brienhead.

Secretary of State for Air, Sir Samuel Hoare.

First Lord of the Admiralty or Minister for Health, Sir William Joynson-Hicks.

Chancellor of the Exchequer, Neville Chamberlain.

Leader of the House of Lords is considered a "tame" post for Marquis Curzon who had much to do with building up a vigorous imperial policy during several terms as foreign secretary. Correspondents who saw Curzon leaving an interview with Baldwin yesterday said the former seemed flustered and angry.

Meanwhile, the busiest party in London was young Ishbel MacDonald daughter of Ramsay MacDonald, who was superintending removal of her father's belongings from No. 10 Downing Street, to their former home in Hampstead.

ROTARIANS HEAR OF EFFORTS TO HELP COUNTY FARMERS

The Mexia Rotary club held its weekly luncheon in the basement of the First Methodist Church at noon today, a splendid menu being served by the women's missionary society of the church.

The attendance was the largest in eight months, there being only one member whose absence was unaccounted for.

Rotarians John Neece, J. G. McIntosh and Bert Hollister were out of the city, it was stated by Secretary J. W. Elliott.

President A. H. Eubanks introduced the visitors, among whom was G. W. Orms of College Station, here in the interest of county demonstration work. At the conclusion of his remarks, Mr. Eubanks spoke favorably for the appointment of a County Farm Agent in Limestone County. 164 counties of Texas now have such agents doing a work that is saving millions annually to the farmers of the state.

Jere Cason, Secretary of the Chamber of Commerce, was present also.

The Rotarians signed a petition to the County Commissioners Court endorsing the move and the business men of the county are understood to be signing similar petitions. The matter is to come before the court next Monday, it was announced.

Dr. John Aubrey, father of Rev. Victor K. Aubrey, of Denison gave an inspirational address on Rotary. His address was well received, urging that town limits be blotted out and that a towns trade territory should be accepted as the unit of thought and action and not simply municipal boundaries.

Mrs. E. M. Strange contributed two lovely solos in her beautiful way, accompanied by Mrs. Wyatt Hayter at the piano.

This was the first meeting of the club in the church basement and was pronounced a great success.

PARALYSIS HITS SENIOR MEMBER OF THE SENATE

(By United Press) CAMBRIDGE, Mass., Nov. 6.—Henry Cabot Lodge, 74, senior Senator from Massachusetts is dying here at Charlesgate Hospital.

Senator Lodge suffered a paralytic stroke at noon yesterday and has been unconscious since with death expected momentarily.

Dr. John H. Cunningham, attending physician, said the Senator was sinking rapidly and that his condition was "very grave."

Members of the family were called and remained at the bedside through the night. Dr. Cunningham said the stroke suffered by Lodge was similar to that which caused President Wilson's death and that there was little that could be done in a medical way for him.

Lodge has been in the hospital since October 20 when he underwent an operation for gall stones. He was considered on the way to recovery when he suffered the stroke.

Senator Lodge had not regained consciousness at 8 a. m. today. The stroke ruptured a blood vessel in the brain, according to Dr. Cunningham who said the Senator could not live throughout the day.

BUTTE TO WAIT FINAL COUNT TO MAKE STATEMENT

AUSTIN, Texas, Nov. 6.—Dr. George C. Butte late Wednesday authorized the statement that he is conceding nothing at this time, but to the contrary expressed himself as very hopeful of winning the election for Governor over his Democratic opponent, Mrs. Miriam A. Ferguson.

"I have every reason to believe that my vote will steadily climb," said Dr. Butte. "At the time the Texas Election Bureau announced the closing of tabulation of returns I had just gained 7,000 votes and I am confident that from now on Mrs. Ferguson's early majority will decrease, and that when all the returns are in it will be found that I am elected."

Dr. Butte stated that he had definite information that in numerous counties, including Harris, Dallas and El Paso, and probably Bexar, thousands of ballots on which his name had been written on the Democratic ticket in place of that of Mrs. Ferguson, had been thrown out. The Republican candidate said that "we are not going to lay down, especially when the Attorney General had ruled that such ballots must be counted," but stated that until complete returns had been made steps would be made to compel the counting of the mixed ballots.

Wants Uniform Test.

"It is not reasonable to have one test in one precinct and a different test in another precinct," said Dr. Butte. "I believe that a great majority of the Democrats who voted for me scratched the name of Mrs. Ferguson from the Democratic ballot and substituted my name in writing, so it will readily be seen that I will lose thousands of votes if the refusal by certain Democratic judges to count these ballots is not investigated."

Just what procedure he will follow in the matter Dr. Butte said had not yet been determined. "We are waiting until all the votes are in," he said.

That Mrs. Ferguson would be in the lead in the early returns, Dr. Butte said was expected by him. From the Panhandle country, he said, only meager returns had been received, and the returns received from other parts of the State are far from being complete. Dr. Butte figures that it probably will be an entire week before all the returns have been made.

CANADA PLANS TO BRING BACK SALMON

VANCOUVER, British Col., Nov. 5.—Restoration of the salmon canning industry of the Fraser River, which used to net \$30,000,000 annually to Van Couver and New Westminster, will be attempted thru establishment of a chain of hatcheries along the river breeding sockeyes, according to an announcement here by Ernest LaPointe, Dominion Minister of Marine and Fisheries.

"Experts from the department have been making a survey of the fisheries," LaPointe said, "and they believe that by an enlarged system of hatching, the run of sockeye can be increased to a point where the Fraser River will again be British Columbia's leading source of salmon. Most of the new hatcheries will be placed at points from which the sockeye has practically disappeared."

Tying up with the exhibits of the products themselves, which will take up four cars of the special, special motion pictures have been made to show when the train is open at the cities on the schedule. These pictures will introduce the visitors to the country where the products are raised.

How To End a Cough Quickly

Specialists say to actually end a cough in the shortest possible time the medicine should not only soothe and heal the soreness and irritation, but should also loosen and remove the phlegm and congestion which are the real cause of the coughing. When this is done the worst cough quickly disappears.

This "double-action" method has been brought to perfection in the prescription known as Dr. King's New Discovery for Coughs. A few drops stop the coughing spells almost instantly, and people who have hardly been able to sleep at night for coughing usually get their full night's rest even after the first doses. It has been very successful, too, for children's spasmodic croup, for bronchitis, laryngitis, bronchial asthma and hoarseness. On sale at all good druggists. Ask for

PROTESTANTISM IS GROWING IN FRANCE UNDER M'CALL PLAN

By ALICE LANGEЛИER,
International News Service Staff Correspondent.

PARIS, Nov. 6.—To realize that French Protestantism is awake and stirring, attaching fresh recruits every day, one has only to regard the work of the McCall Mission, begun by an English minister soon after the Prussian War in 1872.

"If anyone comes and preaches a religion of reality to us, we will listen," said a poor French workman to Dr. McCall who was visiting in Paris, and he at once decided to remain here and devote his life to the religion of the poorer classes. The first hall, a modest affair in the Belleville quarter, was called the "Mission of the Workmen of Paris." Dr. McCall was a pioneer in this kind of work. He fixed the type of the "reunion populaire."

In the early days French Protestants lacked initiative. The habits of isolation and timidity acquired during centuries of persecution remained with them. All this was changed when the McCall Mission came along and broke down the reserve of the French churches. Then the war, by mixing all sorts and classes in the army, also broke down much prejudice against Protestants and created splendid public spirit.

Houses have been built, holiday homes established and clothing depots inaugurated whereby thousands of families have been assisted. The Mission possesses nine stations in Paris and sixteen in the provinces as well as two missionboats, which move up and down the rivers among the lighters and barges laden with coal, grain and iron, making use of the splendid network of waterways in France to reach a population otherwise inaccessible. Motor lorries carry workers to fairs and markets to speak to the busy crowds, and portable halls are set up here and there wherever a need is felt for a foyer.

For forty years and more quiet preaching has been going on in a hall on the Grand Boulevards, in the very heart of Paris. People who are often mere pleasure seekers drop in to listen for a few minutes to the teaching of the Bible in simple, wholesome manner. For men and women there are special meetings, religious and social; Bible study circles, prayer meetings, mothers' meetings, and others for songs and games. Their aim is the uplift of the family and social life.

COLUMBUS A SPANIARD, SAYS WOMAN WRITER

(By International News Service.)

LONDON, Nov. 6.—History books will have to be revised to make Christopher Columbus a Spaniard instead of an Italian, if assertions made by Mrs. Charlotte Mansfield in a book shortly to be published ("Columbus, a Spaniard") gain credence.

Mrs. Mansfield bases her statements upon the results of a year's investigation which she carried out in northwestern Spain, accompanied by her husband, Lieutenant-Colonel W. R. Mansfield.

Italian documents, claiming that Columbus was born in Genoa, are forgeries, the writer declares, even going so far as to say that an Italian royal decree, confirming Columbus' Italian origin, is spurious.

ABOVE: KING VICTOR EMMANUEL & MRS. OSCAR LEWISOHN
BELOW: LOUIS K. RITTENHOUSE & RICHARD LOEB.

Louis K. Rittenhouse, wealthy manufacturer, of Orange, N. J., was shot to death by two men as he stepped from his home there to mail a letter. Richard Loeb, one of the slayers of "Dobbs" Franks, of Chicago, was not permitted to leave the Joliet, Ill., State Prison, where he is doing a life term, to attend the funeral of his father, Albert Loeb, multi-millionaire vice-president of Sears Roebuck & Co., of Chicago. In addition to the \$125,000 legacy bequeathed her by her husband, Mrs. Oscar Lewisohn, the former Edna May of stage fame, also received the income of a \$475,000 trust fund established for her. Italy's black-shirted Fascist army has again sworn its allegiance to King Victor Emmanuel, of Italy, in Rome.

Three Crops A Year At Troup

(By United Press)

TROUP, Nov. 6.—During the haying season this year a tenant on the J. T. Clinkscale farm near Troup mowed his pea vines and put them in his barn for winter feed. He thought his haying done for the season.

But to his surprise he is now supplying his needs and those of

many of his neighbors with fresh green peas which have grown from the stalks of the initial crop. Later in the season he expects to harvest a second crop of hay from these vines.

THE NEWS' PROGRAM FOR 1924-25

- (1) A government by law. (2) A bigger tin bucket brigade. (3) Conservation of gas and other natural resources, with a view of offering industries cheaper fuel rates. (4) Storage for an adequate reserve water supply in Mexia. (5) Adequate fire equipment to meet growing needs in a growing city. (6) More paved roads leading into Mexia and all down town streets repaired. (7) Lime mines developed at Tehuacana. (8) A downtown market for farmers. (9) Diversified farming. (10) A Limestone County Fair at Mexia. (11) A county farm agent and demonstrator. (12) Clubs for boys and girls of the county to encourage them in farm industries. (13) More goods roads and systematic maintenance. (14) 10,000 trees for Mexia. (15) A complete parking system in Mexia. (16) A great downtown auditorium. (17) Beautification of Hughes Park. (18) Protection of life on streets and roads, through the rigid enforcement of all ordinances and laws regulating traffic. (19) a growing "trade-at-Mexia" spirit and pride in its institutions. (20) A thoroughly united citizenship, free from jealousy, envy, strife and other dwarfing discordant influences that tear down and blight many a city in the making.

The Salvation Army Board of Directors has called a meeting Monday at the K. P. Hall of all friends of the Army, expecting there and then to decide on the future program for Mexia. The Salvation Army, under Envoy and Mrs. Hamilton, has done some splendid work in Mexia, helping "the forgotten families" of the community, looking after thousands of needs this past year and feeding the spiritual appetites of many. Local citizens by their attendance Monday will give hearty approval of laudable work done. If you have a flower in your hand give it to the one to whom due lest it wither and fade, losing its beauty and its fragrance, before it is bestowed.

The odor of whiskey on the breath of a sleeping crossing watchman at Chicago was evidence enough of why a street car had been allowed to run on a railroad track in front of an on-rushing train. It is another black mark against bootleg booze. Yet some otherwise perfectly good citizens think that bootlegging is a subject for jokes and laughter and join in with the gang who shouts from the rooftops that Prohibitionists should disband, some going off after one wing and some another when there's disruption in the party.

In 1890, all the cities of the country spent \$400,000,000; in 1910, \$2,400,000,000, and in 1923, \$3,600,000,000. The 1923 taxes would have paid 93 per cent of all industrial payrolls of the nation. All taxes are voted, directly by the people themselves; the only relief from tax costs, whether school, city, county, state or other unit, is by retrenchment in spending.

Everybody knows that there were many men who voted on the winning side in the recent elections simply and solely because they expect to offer for office themselves some day, which leads us to say that another mighty good reason not to jeer at the defeated candidate is that you may be a defeated candidate yourself some day.

Wilbur Glenn Voliva, overseer of the Zion element at Zion City, Ill., says that the world fliers did not fly around the world at all, that they could not do so because the earth is a stationery flat plane and not a revolving globe at all. This confirms general opinion as to the mentality of Voliva.

Election Bureau To Continue To Count In Texas

DALLAS, Nov. 6.—Tabulation of the complete vote of the State as cast in the race for Governor in Tuesday's general election will be made by the Texas Election Bureau as fast as complete county reports are received, it was announced Wednesday. The Commissioners' Courts in the various counties will meet next Monday to canvass the returns and instructions have been issued to all correspondents to send in the complete vote of each county as soon as available.

The Texas Election Bureau discontinued tabulation of the partial returns from towns and cities Tuesday night, at which time Mrs. Ferguson was shown to have a majority of 33,414 over Dr. Butte. Incomplete returns from forty-nine counties also were tabulated Tuesday night, and this tabulation gave Mrs. Ferguson a majority of 14,610. Incomplete returns from seventeen additional counties were received by the bureau Wednesday and these, together with the county vote tabulated Tuesday night—a total of sixty-six counties—give her a majority of 21,700. No more incomplete county reports will be tabulated by the Texas Election Bureau, but complete county reports as fast as received.

Tabulation of the Texas vote as made by the Western Union Telegraph Company including votes counted Wednesday, gave Mrs. Ferguson a majority of 42,917. The tabulation accounted for 292,733

votes, and the standing was: Mrs. Ferguson 167,825, Dr. Butte 124,908. The Western Union announced that it would tabulate no more votes, as it appeared that the election of Mrs. Ferguson is assured.

MORE PRODUCT'N RESULTS AND IS EXPECTED AT RICHLAND

The Atlantic Company has set a liner in its Swink number 7 at 2,985 feet. A standard rig will likely be installed and the well put under the swab.

The Sun Oil Company Brown 17 is producing about 300 barrels daily, swabbing, according to information from Richland.

A fishing job is on at the G. L. Moore tract on the Bledsoe tract at Richland. Several joints of casing dropped about 40 feet to the bottom while being set. Work of completing the well is therefore delayed.

Lenoir and Schaefer's test on the Edgar tract is being watched with much interest. Indications for additional production in this part of the Richland field are said to be bright.

Freestone Voters Resent Inference Drawn at Speaking

Quite a delegation of Teague voters were in Mexia Monday to hear the address by Dr. Butte. They were enthusiastic for him and resented the inference which they construed to prevail that Freestone County would not give the recognized leader of the prohibition forces of Texas a good vote. It all came about when Dr. George Butte, while speaking, said that he thanked God that there were no bootleggers for him for Governor. When he said this a voice was heard to say "None of them in Freestone County are for you." This brought a big laugh. Some of the Freestone citizens present misunderstood the remark and thought that the voice in the crowd had said "None in Freestone County are for you" inferring that everybody in that neighboring county were bootleggers. It was no wonder then that they resented the incident as they heard it. However, the facts are that the man who spoke was perfectly friendly to Butte and said none of the bootleggers in Freestone County were for him rather than that none of the citizens of Freestone County were for him.

A number of ladies of Teague asked The News to set the public right on this.

Reports from Teague Wednesday were to the effect that the same plans as followed here in voting had been followed there and that all who wrote Dr. Butte's name in on the ballots failed to get their votes counted.

As Gentle as an Ocean Breeze!

You can't imagine how pleasant this new mild calomel is to take. Each little tablet is sugar-coated and free from medicine-like repulsiveness. One or two at bed time makes you feel "top hole" as the Britishers say. It cannot salivate. Take it and eat anything you like. It is so mild and gentle you will hardly know that you have taken medicine. Sticky salts or other "follow-ups" not necessary. It does all any calomel can do—but it does it without drastic effects. STANLEY BALDWIN SWEEP BACK INTO POWER.

STANLEY BALDWIN

As a result of the reversal of the British general elections, the Tories have captured a clear majority in the House of Commons, completely overthrowing the Labor government of Ramsay MacDonald, and assuring that the King will call upon ex-Premier Stanley Baldwin to return to No. 10 Downing street as Great Britain's Conservative Premier. According to British political experts, there are indications that the Conservatives cannot be overthrown for five years, the legal life of Parliament. Labor, however, remains as the chief opposition party.

THE CHAMPION FIRE SPREADER.

The publication, "Safeguarding America Against Fire," issued by the National Board of Fire Underwriters, in its September issue, graphically illustrates with photographic reproductions the danger of the wooden shingle as a means of spreading fire.

One of the most striking scenes is a row of houses in Berkeley, during its recent \$10,000,000 fire when 584 homes were totally destroyed, with their shingle roofs all afire before any other part of the house was damaged. It is not uncommon for burning embers to be carried by a high wind for nearly a mile and ignite a shingle roof.

Commenting on this fire menace, the National Board of Fire Underwriters says that it has no special quarrel with the wooden shingle but that in the scheme of things structural, there are proper uses for wooden shingles where as perpendicular siding they are but little more vulnerable than clapboards. Used on roofs, however, they have proved themselves fire spreaders without a rival.

Every material has its proper uses and as city building becomes more congested, it is essential that every effort be made to reduce the fire hazard which has taken an annual toll of some 15,000 lives in this nation in addition to a loss of

over \$500,000,000 in property.

Already 118 communities have barred by ordinance the wooden shingle but this is only a start. That such action has been beneficial is evidenced by conditions in New Braunfels, Texas, which began in 1897 to rid itself of wooden shingle roofs. This city of 5,000 inhabitants has not had a roof fire in 15 years.

The surest way to prevent fires is to remove fire hazards and as the fire loss caused by sparks on roofs during the past five years totals \$50,616,652, it is a self-evident fact that roofing of a noncombustible character would cause a direct reduction in fire destruction.

EXILES START RUMOR OF MURDER OF KING

(By International News Service.)
SOFIA, Nov. 6.—Origin of the recent false rumor of the assassination of King Boris of Bulgaria has now been traced to the exiled leaders of the Bulgarian Peasants' Union, now living lavishly in Belgrade.

Exiled leaders, including Athanasoff, Oboff and Thodoroff, who are said to be subsidized by Moscow, meeting in Belgrade recently, formed a provisional government whose program was the overthrow of the present Bulgarian Cabinet,

dethronement of King Boris and the murder of Premier Tsankoff. As a result of this action the rumor spread that Boris had been assassinated.

Keep on telling 'em and you will keep on selling 'em. News advertising brings desired results.

Dope Is Against Black Cats When Facing Game Friday

By HECK.

Friday, November 7 is the day when the Mexia High Black Cats tangle with the Groesbeck High eleven and from all indications its going to be a holiday in the county capital as it will be the "big" game of the year staged there. The Groesbeck eleven has a record so far this season that looks better than the Cats and as usual the Cats are outweighed about a ton and that will make it all the tougher when the two tangle. It is a hard matter to get any real inside dope on the Groesbeck crew but I know enough to be in a position to warn the Cats that they are up against a tough proposition. Coach Potet has been driving the Cats through a hard week of aerial work and defensive work and believe me the Cats will need all of it. The 34-0 beating the Cats handed the Teague Lions last week showed that the Mexia eleven is the cats whiskers when they get right down to business and fight—fight like everybody knows they can fight but I am of the opinion that the Cats are due to lose Friday by one touchdown unless they come out of the kinks and get down and fight from the opening kickoff to the final whistle and they might even lose then. Groesbeck beat Teague and then walloped the daylights out of Kosse and most of the other elevens in the country and from this I would predict that the Cats will have a real battle on their hands. The game is to be played at Groesbeck and the Cats will miss the vociferous and effervescent help of their pep squad and while some will disagree with me I have always thought that a real live pep squad such as Mexia boasts of is of incalculable help to the boys in all branches of high school sport. Last year the Cats beat Groesbeck 33 to 0 and now the county seat crew is bent of revenge of the worst kind and from the conversation I gather its do or die with them. The Cat hospital squad is causing much worry these days and I would not be surprised to see a flock of substitutes in the opening lineup Friday. Lucas is not ready and Bennett stripped a gear or something and others are nursing bruises, sprains or boils and that means they won't be worth much to Coach Potet at Groesbeck. From the way it looks to me one up in the air "fighting Bill" Murphy will be shifted to center in place of Bennett. Ward and McKenzie will be at the guards. Captain Thompson and Corley at Tackles, Corley being shifted from guard when Lucas was injured. Hoezel and Auld will handle the ends while Buford, Karner, Perkinson and Clover will be behind the line. Of course I just "think" this will be the line up and it may be all different when the game starts.

The Groesbeck boys say they will make the Cats look like small town players when they open up with their forward passing and running game and they also say that they have the Cats' number on fake plays and line plunging. Well, all I can say is that it sounds good to me and it only convinces me that there will be some battle staged in Groesbeck Friday. My only tip to the Cats is that unless they come down to earth and fight like blazes they are going to get a surprise Friday that will be as bad as the one Andy Gump received on the morning of election—and that's no joke either—but if they will fight, fight and then fight some more they can bring home the bacon and likewise show the Mart scouts nothing but straight football. If the Cats will do this they can come home with several touchdowns to spare—otherwise they will lose by one touchdown.

S. M. U. Team Will Face Hardest Of Games Saturday

DALLAS, Nov. 6.—Lucky to win against the Horned Frogs of T. C. U., the Mustangs of Southern Methodist University are now facing the most severe test of the season. They not only have to play against one of the strongest teams in the conference, but have to battle them on Home Coming Day, for the University of Arkansas, this has always meant defeat for the opposing team. Will the Mustangs be able to crush this tradition which has been held sacred to the hearts of the students for over twenty years?

Coming out of the game Saturday, the condition of the Mustang players was worse than at any time during the present season. Several of the regular men will not be in the best condition, but it is hoped that they will all be able to play even though they are in poor physical shape. It is probable that at least two or three linemen from the reserves will have to play most of the game against the Razorbacks.

Realizing that this may be the life or death of the hopes of the Mustangs for the Conference Title, the Coaches have decided to leave Dallas Thursday night, arriving in Fayetteville Friday morning early. This will enable the Mustangs to have a workout there in the afternoon and become accustomed to the slight change of climate.

Friday night, a special train will leave Dallas for the special benefit of the students and the fans that would like to accompany the team on this trip. A special rate of \$10.00 has been made by the railroad, which is only every little more than

SPORTLIGHTS

Among the high school games already played this week, Plano defeated Forney 10 to 0 and Emory defeated Wolfe City 6 to 2.

The Black Cats go to Groesbeck Friday for another important game of the grid season.

The Corsicana High School Tigers will likely rest this week, no game being scheduled, in order apparently for that squad to be in prime condition for its tilt with the Black Cats on the 21st.

Marlin Bulldogs are claiming that they are in the State Championship Class. That team may be in championship class in Class B, but certainly not in Class A. Marlin has a good team. They are making their claims by virtue of having defeated Itasca 27 to 12, but Cleburne beat Itasca 29 to 0 and then went up against the Bulldogs with the injuries of that hard fought game with a Class A high school.

Number 22 starred against the Bulldogs for Itasca. He starred here, too. Number 22 is of championship calibre himself and should be given his position on the mythical all star all state all class eleven.

Cleburne High School looms as

one way. This will enable several hundred to make the trip as they will only be gone Saturday, and will return to Dallas on Sunday morning. Everybody wishing to go may make arrangements by getting in touch with the Vice-President's office at once.

State Champions unless South Texas has something that this part of Texas has not heard of.

The big game of the East this week end is Harvard versus Princeton with Harvard the favorite. But who knows in football, especially when the teams of the Big Three mix it.

The Texas situation would be some muddled Saturday if S. M. U. loses to Arkansas, Rice to Austin College and Baylor to Texas. On comparative results basis, they would be just where they were at the first of the season, with all facing an equal chance to win the rag.

Quite a number from here will likely accompany Charlie Lewis' Westminster squad to Dallas Monday to play the Southern Methodist University Colts.

Several of the Freshmen squads in the Universities of Texas are reported to have the fastest backfields in the southwest. Clyde Lit-

field says that the Freshman squad at the University of Texas has the best backfield of any university team of the southwest. This same statement is made by the Coach of the Freshmen regarding the Freshmen at Rice. All this means some great football in Texas in a year or two when Duke Kendrick and the others are eligible.
